MACHINE HUNTER™

9

Some kill for sport. Some kill for glory.
You kill to survive.

When you're being stalked by murderous mechanical droids and other enemies that resemble rats, scorpions and giant roaches through 3-D environments like a pulsating power station, a bizarre alien city, a laboratory of nightmares, or a labyrinthine city sewer, killing is what you live for. But after you torch a droid the real fun begins, because you get to incorporate all it's special deadly powers into your own arsenal of devastating firepower, leaving its burnt tin carcass behind.

Droid season is here and you've become the Machine Hunter.

MDK™

MDK: IT THINKS, THEREFORE IT KILLS.

One of the most anticipated games of the year, MDK completely redefines the action gaming experience. With the never-before-seen "Sniper Mode", you'll zoom in and pick off enemies from over two miles away. Battle through 60 arenas packed with advanced "smart enemies" that think, listen and communicate in a calculated assault on your life.

That's why Game Fan Magazine called MDK "one of the most innovative games ever created!"

WILD ARMS™

1,000 years ago in a peaceful land protected by mythic Guardians, a race of Metal Demons launched a merciless attack for control of the realm. The attackers were narrowly defeated, and the battle left a devastated wasteland.

Three warriors now hear the call of the weakened Guardians. Filled with faith and courage, the warriors will plunge into the wastelands on a quest for ancient relics that may save this brave new world—a world where legends become reality.

Ogre Battle™

The tranquility of a fertile and peaceful continent becomes stained with the blood of warring factions when a friend of the king goes mad and assassinates him. As a warlord and leader you must struggle against tyranny and betrayal to organize your forces and save the empire.

Ogre Battle uses traditional elements of overhead view military strategy games, the chance element of special tarot card readings, and hand to hand combat action with supernatural weapons to play out the battle between good and evil.
